Door Hardware Goes To New Heights

Introducing Tall Plates From Grandeur Hardware

(Denver, CO) Give your doors an elegant makeover with the beautiful new Tall Plate collection from Grandeur Hardware. These elongated plates are well-suited for taller doors, creating a harmonious balance of scale and proportion that offers a distinct impression of luxurious taste. Ideal for both vintage and new-construction homes, the classic look of this collection brings style to interior and exterior doors and is the perfect complement for spaces with high ceilings and oversized doors measuring 84 inches and higher.

Grandeur Hardware is known for their extraordinary craftsmanship, and the Tall Plate collection is no exception. Forged from solid brass, the added weight of the plate not only feels substantial to the touch but actually provides exceptional strength and durability. As with all of the Grandeur Hardware collections, the finish of the hardware is paramount. No detail is overlooked in the meticulous process that ensures a flawless finish for every door plate and handle, all free of defects, pits or imperfections. Tall Plates are available in a captivating selection of eight designer finishes, including Antique Pewter, Satin Nickel, Timeless Bronze, Bright Chrome, Lifetime Brass, Polished Brass, Polished Nickel and Vintage Brass.

Thanks to thoughtful planning, the installation process for the Tall Plate collection is surprisingly simple. Each plate comes with a plastic template that adheres to the door to help locate and drill two ¼-inch mounting holes. All mounting hardware is included, and Grandeur completes the purchase by packaging the product in a glossy presentation box, complete with microfiber polishing cloth.

The Tall Plates are offered in the following collections:

ARC:

The juxtaposition of graceful curves and a waterfall edge create an elongated look that brings an artistic grace to your door.

CARRÈ:

This refreshingly uncomplicated design brings a touch of glamour without compromising versatility.

FIFTH AVENUE:

Clean, crisp lines enhance the look of your door with a timeless design that will suit any home décor.

“As ceiling heights rise, it's only fitting that door hardware adjusts accordingly. This was the inspiration behind the Grandeur Tall Plate collection. The longer plates look more proportionate on taller doors, creating an even more elegant look.”
