Introducing the CANTO Toilet from St. Thomas Creations

(Carson, CA – September 29, 2014) St. Thomas Creations brings a timeless simplicity to the bathroom with its NEW one-piece transitional toilet. At home in both modern and traditional dwellings, Canto features a sculptural shape that is elegant and classic. The understated simplicity of the design combined with quality craftsmanship make it a perfect addition to today's bathroom.

The Canto toilet offers exceptional comfort and performance, including a chair-height bowl with elongated dimensions, a premium soft-close lid and super-quiet flush mechanism. Featuring EcoQUATTRO flushing technology, the high-efficiency Canto is EPA WaterSense-compliant, using only 1.28 gallons per flush and capable of clearing over 1,000 grams of solid waste in independent MaP testing. With an oversize 2-1/8" trapway, clogging is virtually eliminated, while precision rim jets and a MicroGlaze non-staining, anti-microbial finish make for an easy-to-maintain bowl.

The Canto toilet is available in white and balsa with several alternate trim finishes to compliment your bath hardware and accessories. Retail prices start at \$700 with a premium, "silent close" toilet seat and Limited Lifetime warranty included. Canto is available at premium bath showrooms nationwide.

The new Canto toilet answers the need for a transitional toilet that's luxurious, affordable, easy to install and backed by an unprecedented Limited Lifetime warranty.
