

Permaclean Apron-Front Ledge Sink

Thermostatic Shower Panel

Wedgewire Grate Linear Drain

KBIS BOOTH #W143

LENOVA OFFERS EXCITING NEW PRODUCTS FOR KBIS 2017!

Lenova is proud to unveil their exciting new linear drain and shower lines in addition to expanded vanity and sink collections at the 2017 Kitchen and Bath Industry Show in Orlando. Known for their ground-breaking and stylish designs, Lenova does not disappoint with this year's debuts at KBIS.

The stunning new **PERMACLEAN APRON FRONT LEDGE PREP SINK** from Lenova is a showstopper AND a workhorse! Available in a single or double bowl configuration, this sink offers a modern interpretation of a classic. The engineered platform ledge allows it to easily convert to a foodprep center when accessorized with an optional stainless steel colander, roll-up grid drainer, and bamboo cutting board. And, this new sink features Lenova's PermaClean drain system – a seamless design that eliminates unsightly drain lines and creates a smooth high-end look that is more sanitary and includes removable splash guards and strainer baskets.

Your shower experience may never be the same. Introducing the new **THERMOSTATIC SHOWER PANEL**. This sleekly sculpted marvel of plumbing technology is an all-inclusive shower system that offers today's most popular bells and whistles, such as a rain shower top, multiple body sprayers and a hand-held shower. The end result captures everything you could want in a home shower environment – luxurious yet practical, invigorating yet relaxing – and it delivers an amazing spa-inspired experience that is doubly impressive considering its surprisingly affordable price tag.

Lenova will also show off their new collection of **LINEAR DRAINS** with sleek designs featuring subtle yet distinctive grate lines. Crafted from premium quality Type 304 stainless steel, these contemporary drains come in a variety of sizes and designs. The adjustable-height metal legs allow for smooth leveling of the drain grate to the tile and the generously tapered slope of the frame ensures high-capacity drainage. The drains are all ADA compliant and UPC certified making them the perfect addition to chic showers in residential, hospitality or commercial spaces.

DESIGN INSPIRED BY FUNCTION

NEW AT KBIS 2017

Lenova will display a newly expanded **VANITY LINE** with eight styles in a wide range of finish options. The new vanities are constructed of environment friendly - CARB (California Air Resources Board) certified, zero emissions solid hardwood that is engineered to prevent warping and last. The vanities are finished with a 16-stage wood preparation, sanding and finishing process including five layers of premium, environmentally-friendly paint. The line offers full extension adjustable under-mount soft close slides for drawers and 6-way adjustable soft close hinges for doors. The vanity tops are pre-drilled for faucets and available in granite or an integrated ceramic sink-top. A high-quality square design porcelain sink is included with the granite vanity tops. Lenova will also debut a full line of coordinating mirrors and medicine cabinets to complement the new vanities.

ABOUT LENOVA

Drawing inspiration from the beauty of nature, Lenova is known for spectacular sinks crafted by hand from a stunning array of materials, from globally sourced stone to sustainably harvested bamboo. Lenova has expanded their offerings to include a full line of kitchen and bath sinks, faucets, showers, vanities and bath accessories. Each product in the Lenova line is created by master craftsmen and backed by Lenova's "No Worries" customer service philosophy. Lenova is committed to protecting the natural world that inspires its designs through eco-friendly business practices and is proud to offer its customers the finest in affordable kitchen and bath products. Lenova's products have garnered the industry's top honors from Interior Design Magazine's Best of the Year Award to the Decorative Plumbing and Hardware Association's Most Innovative Product.
