EXTEND THE POSSIBILITIES

MCN's new Extend Collection offers a bold vision of modern design.

MCN European Enterprises stretches the boundaries of plumbing design with its latest collection – Extend. With a distinctive minimalist vibe and strong geometric lines, the Extend series brings a fresh look to a contemporary aesthetic. The star of this collection is the stunning Wide Spread Faucet. The silhouette of the faucet itself is sleek and sophisticated, while the handles offer a singular mix of flat edges and curved profiles. The overall effect is both dramatic and striking – an elegant complement to today's modern bathrooms.

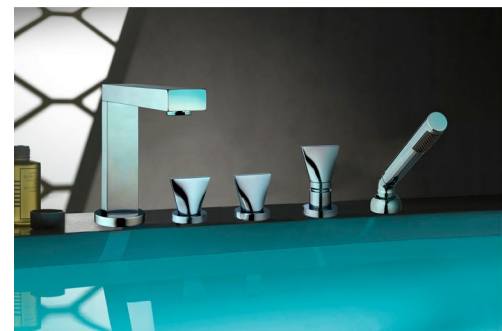

The Extend Collection features a variety of pieces to make it easy to create a coordinated look, including a Roman tub set with hand-held shower, a tub spout, and a variety of hardware for pressure balanced and thermostatic showers. Each piece is available in three beautiful finishes – Polished Chrome, Brushed Nickel and Polished Nickel. MCN faucets are found in fine plumbing showrooms nationwide, with retail prices ranging from \$650 to \$890.

As with all MCN fixtures, the Extend Collection is designed and crafted to the highest standards of quality and excellence. With manufacturing facilities in Italy, MCN captures the essence of European style and is a true leader in a global market.

For more information about the Extend Collection by MCN, go to www.mcnfaucets.com.

ABOUT MCN FAUCETS

MCN European Enterprises is committed to making well-designed faucets both accessible and affordable. Known for their beautiful modern, mid-century and traditional styles, MCN offers a full range of quality plumbing hardware, from faucets and tub spouts to shower valves and shower-heads. Manufactured in Italy, all MCN fixtures are made of solid brass and crafted to last a lifetime. With its global operating system, MCN offers real-time delivery and an amazing array of cutting-edge designs that cannot be found anywhere else. View their collections at MCNfaucets.com or call 855-610-6262 for details.
