INDUSTRIAL EDGE

MCN's new Nature Cross Collection Celebrates Chic Industrial Style.

Industrial chic is one of today's hottest trends with a sleek, minimalist look that incorporates a mix of modern and retro design. MCN European Enterprises brings the industrial look to the bathroom with their new Nature Cross Collection.

This extraordinary collection captures signature elements of industrial style with gleaming metal finishes and fixtures that resemble pipes taken from an old factory or warehouse. The handles in this collection are beautifully detailed, with a utilitarian cross design capped with rounded balls. The starkness of the design is softened by graceful curves and columns, creating a finished look that is comfortably at home in a contemporary or traditional décor.

The Nature Cross Collection is available in a variety of configurations that make it easy to create a cohesive bathroom environment. Choose from a wide spread faucet, a Roman tub set with hand-held shower, a tub spout, and thermostatic and pressure balance tub and shower sets. Available finishes include polished chrome, brushed nickel and polished nickel. MCN Faucets are found in fine plumbing showrooms nationwide, with retail prices for the Nature Cross line starting at \$590.

As with all MCN fixtures, the Nature Cross Collection is crafted to the highest standards of quality and excellence. With manufacturing facilities in Italy, MCN captures the essence of European style and is a true leader in a global market.

For more information about the Nature Cross Collection and other lines by MCN, go to www.mcnfaucets.com.

ABOUT MCN FAUCETS

MCN European Enterprises is committed to making well-designed faucets both accessible and affordable. Known for their beautiful modern, mid-century and traditional styles, MCN offers a full range of quality plumbing hardware, from faucets and tub spouts to shower valves and showerheads. Manufactured in Italy, all MCN fixtures are made of solid brass and crafted to last a lifetime. With its global operating system, MCN offers real-time delivery and an amazing array of cutting-edge designs that cannot be found anywhere else. View their collections at MCNfaucets.com or call 855-610-6262 for details.
