FOR IMMEDIATE RELEASE

## MTI Receives Three 2017 European Product Design Awards.

*For their Lily and Juliet bathtubs and the Continuum Sink.*

(Sugar Hill, GA. March 28, 2017) MTI Baths is pleased to announce they have been awarded three 2017 European Product Design Awards. MTI's modern take on the traditional slipper tub - Lily was awarded a Silver, as was the innovative Continuum sink which uses the countertop cut-out to form the faux bottom of the sink. The graceful Juliet 2 was awarded a Bronze for bringing full-scale luxury to smaller spaces without skimping on comfort or style.

It is a tremendous honor to win not one but three prestigious European Product Design Awards," stated Russell Adams, MTI's President and Chief of Design. "This award competition celebrates creative excellence, something our design team strives for with every product design! We are delighted to make our work visible to the international market and we thank the EDPA for this recognition."

The European Product Design Award honors the best in product design globally with the goal of advancing the appreciation of design worldwide. Each submitted design was evaluated by the esteemed EPDA Jury on its own merit based on form, function and innovation. Winners will be announced during a special awards reception hosted at the European Parliament in Brussels on April 12, 2017.

### **About MTI Baths.**
