

FOR IMMEDIATE RELEASE

## Quality, Affordably Priced

*MTI Baths introduces a new MTI BASICS® freestanding tub loaded with selling features for plumbing contractors!*

(Sugar Hill, GA. August 29, 2017) The MTI BASICS® tub model MBXFSX5832 features an integrated faucet deck to accommodate a Roman Tub faucet, an above floor rough-in so it can be installed on a slab or to make renovation a breeze, and an optional quick drain connection, all in a compact size of just 58" long x 32" wide.

MTI BASICS tubs are value-priced, available in popular sizes and shapes, easy to install and manufactured in cast acrylic. Production time is quick: drop-in soakers and whirlpools are ready to ship in 5 business days; air baths and freestanding models in 7. And just because the project has a thin budget, it doesn't mean you have to sacrifice craftsmanship and quality. MTI BASICS tubs are handcrafted, water-tested and quality-inspected. MTI's goal is to provide the plumbing contractor and business owner with handcrafted, quality products that will last.

### **About MTI Baths.**

Since 1988, MTI Baths has earned a reputation for award-winning design, personalized customization and artisan quality. MTI luxury tubs, shower bases, sinks, counter-sinks, vanity sinks and genuine teak accessories are all handcrafted in the USA. For information on MTI's extensive selection of design and customization options call 800-783-8827 or visit [mtibaths.com](http://mtibaths.com).
