(Frisco, CO. November 15, 2013) As the nation recently thanked and gave gratitude to our veterans, Jim Van Landingham was honoring the memories of his families war veterans by helping to raise funds for the Wounded Warrior Project. The V.P. Residential Division of Quick Drain USA is a true patriot - flying 2,300 miles to run 26.2 miles at the annual Marine Corps Marathon in Washington D.C. on October 27th, 2013.

Nicknamed "The People's Marathon" - MCM is the fourth largest US Marathon and ninth in the world. The Marine Corps War Memorial finish line welcomed over 23,480 finishers this year!

"We have family and friends who have served in the military or law enforcement and have always believed in giving back and supporting them," said Van Landingham. "I love that most of the donations I received on behalf of Wounded Warrior Project came from friends within our industry." The kitchen and bath industry has always supported those in need either directly or through established organizations.

#### About Quick Drain USA

Quick Drain USA is a premier manufacturer of stainless steel, low profile channel drainage systems for showers and wet areas. The company is providing drain solutions to high-end hotel chains, large metropolitan hospitals and everyday homeowners who are looking for a universal drainage system with beauty, function and affordability rolled into one easy-to-install product. All of the company's products are designed to meet Uniform Plumbing Code and International Plumbing Code standards and approvals.

More than a drain...a solution! For more information on Quick Drain USA, America's leader in channel drains call toll-free 866-998-6685 or visit [www.quickdrainusa.com](http://www.quickdrainusa.com).
