(Frisco, CO. January 12, 2015) Quick Drain USA will have not just one booth but TWO on display at the 2015 Design & Construction Week in Las Vegas. With one booth in the North Hall of the Kitchen/Bath Industry Show at **N3327** and a booth in the Central Hall at **C9321** showcasing their newest product introductions Quick Drain USA is sure to inspire visitors!

The annual IBS and KBIS exhibitions showcase the latest trends and technologies in home building and design. The multi-day event will host over 3,750 exhibitors with cutting-edge products and draws more than 125,000 residential construction and design professionals. This year's show takes place January 20-22, 2015 in Las Vegas.

Quick Drain USA, the premier manufacturer of stainless steel, low profile channel drain systems will showcase their award-winning lines from world renowned architect and designer Michael Graves. The new Michael Graves designed line features "Stream" and "Cosmo". Also on display will be the new Lines drain cover. All will be available in brushed and polished stainless steel and a new oil rubbed bronze finish. Crafted of 304 stainless steel, they will be offered in the standard lengths as well as custom up to 100". Ideal for residential, hospitality or commercial spaces, all drains are ADA approved and easy to install.

About Michael Graves

Michael Graves Design Group (MGDG) has been in the forefront of product design for over 25 years. MGDG has designed and brought to market over 2,000 products and have received over 200 awards for design excellence.

About Quick Drain USA

Quick Drain USA is a premier manufacturer of stainless steel, low profile channel drainage systems for showers and wet areas. The company is providing drain solutions to high-end hotel chains, large metropolitan hospitals and everyday homeowners who are looking for a universal drainage system with beauty, function and affordability rolled into one easy-to-install product. All of the company's products are designed to meet Uniform Plumbing Code and International Plumbing Code standards and approvals.
