New Presley SE edge detail

Previous model Presley edge detail

FOR IMMEDIATE RELEASE:

TRANSFORM TRADITIONAL

The Presley SE one-piece toilet from St. Thomas Creations gets an elegant new look.

(Costa Mesa, CA – March 31, 2015) St. Thomas Creations unveils an artfully updated new look for their Presley SE one-piece toilet. The new model is distinguished by graceful curves and a beautifully sculpted trim detail. Featuring a stately silhouette and traditional style, the Presley toilet beautifully enhances the look and charm of a refined bathroom. Classic forms accented by subtle stepped details are the hallmark of the Presley Collection, an entire suite designed to give a cohesively elegant look to a traditional bath design.

The Presley SE one-piece toilet offers exceptional comfort and performance, including a ADA compliant chair-height bowl with elongated dimensions and super-quiet flush mechanism. Featuring EcoQUATTRO flushing technology, the high-efficiency Presley SE is EPA WaterSense-compliant, using only 1.28 gallons per flush and capable of clearing over 1,000 grams of solid waste in independent MaP testing. With an oversize 2-1/8" trapway, clogging is virtually eliminated, while precision rim jets and a MicroGlaze non-staining, anti-microbial finish make for an easy-to-maintain bowl.

The Presley SE is crafted in Vitreous china and is currently available in white with balsa coming soon. The new model offers several alternate trim finishes to compliment bath hardware and accessories. The Presley measures 28-3/4" in length x 18-1/8" in width 28-1/2" in height. Retail prices start at \$545 with a premium, "silent close" toilet seat and Limited Lifetime warranty included. The Presley Collection is available at premium bath showrooms nationwide.

ABOUT ST. THOMAS CREATIONS

Since opening its doors in 1987, St. Thomas Creations has flourished from a two-person operation to a full-scale boutique factory whose traditional-inspired bathroom furnishings are celebrated for their impeccable craftsmanship and elegant style. In addition to producing lavatories, water closets, bidets and other accessories that perform as exquisitely as they look, the company was also the first to introduce a complete line of 1.28-gpf high-efficiency toilets, demonstrating its commitment to technological innovation and water conservation. Classic in look yet modern in function, St. Thomas Creations will add enduring beauty, convenience and grace to any bathroom setting.
