BETTER TOGETHER

New offerings from Victoria + Albert combine for a beautifully modern bath.

(North Charleston, SC – July 9, 2017) Always on the leading edge of modern bathroom design, Victoria + Albert is pleased to introduce two additions to their bath collection that pair beautifully to create an elegant yet urban vibe.

The Tubo 19 is a perfect example of the minimalist aesthetic in today's plumbing. With its curved geometric design and complete absence of ornamentation, the faucet exemplifies the purity of form and function. It features an aerator with an adjustable angled flow and is available in a Polished Chrome or Brushed Nickel finish. Designed as a low-level single-hole basin mixer, the Tubo 19 complements Victoria + Albert's lower vessel basins and their recently launched collection of vanity furniture. Complete the look by choosing coordinating Tubo bath mixers or shower hardware. Made in England using traditional time-honored techniques, this exceptional faucet is WaterSense approved and measure 6 ½" high to the water outlet.

The Barcelona 55 vessel basin repeats the same clean lines as the popular Barcelona bath with its flowing silhouette and trademark rimless design. Named after the famous Spanish city renowned for its modern architecture, this countertop sink makes a dramatic style statement in any bathroom décor. The basin is cast in a single piece of ENGLISHCAST®, a signature composite of Volcanic Limestone™ and resin that is extremely durable with an easy-to-clean high gloss finish. Measuring 21-5/8" x 12-3/4" x 5-1/2", the Barcelona 55 features an internal overflow and is available in seven color finishes, including gloss black, stone grey and anthracite.

Victoria + Albert makes it easy to create a stylish look in the bathroom, even with limited space. Combining the Tubo 19 and the compact Barcelona 55 is a smart choice for those looking to make the most out of a small area. Together, their simple curves and clarity of design leave plenty of room for style and luxury. For more information about either of these fine products, visit vandabaths.com.
