A TIMELESS BEAUTY.

Victoria + Albert's new Trivento Brings the Classic Bateau Bath into the 21st Century.

(Ladson, SC – October 27, 2017) Known as a bateau bath or 'boat bath' these timeless beauties have not lost their popularity or appeal. Today, the freestanding bath experts at Victoria + Albert have unveiled a modern reinvention of this classic bateau bathtub, named Trivento.

Featuring a fine rim and a deep, double ended bathing well, Trivento is equally at home in city apartments or family bathrooms. Combining the clean lines of a modern aesthetic with the graceful curves of a classic silhouette, the Trivento was designed to provide support for a luxurious bathing experience.

Measuring a comfortable 22-7/8" high by 27-7/8" wide and 65" long, the Trivento works with Victoria + Albert's Kit 40 Intelli-waste bath drain. It is crafted from the brand's signature ENGLISHCAST® composition - a naturally white material rich in Volcanic Limestone™ that is beautifully warm to the touch and hand finished by craftsmen to create a glossy finish that is highly durable and easy to clean.

Traditionally, ENGLISHCAST® has been available in a natural gloss white finish. However, all Victoria + Albert Baths are now available in seven distinctive external finishes, including Gloss White, Gloss black, Matte White, Matte Black, Anthracite, Stone Grey and Light Grey.
