**1 Shower system:** The Real Rain Shower System from Kohler simulates a natural rainstorm by means of a unique nozzle design that lets water droplets fall at varying sizes and random intervals. The shower relies on gravity for water flow that starts slowly and builds to a downpour at 2 gallons per minute. The ceiling-mounted square silicone spray face measures 19 by 19 inches, and seven finishes are available. [US.kohler.com](http://US.kohler.com) FOR MORE INFO, CIRCLE 825

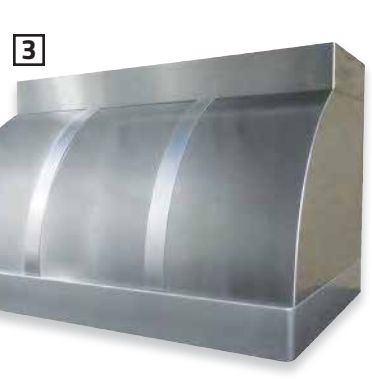

**2 Slipper tub:** The Lily Slipper Tub from MTI Baths has gently sloping sides and a curved rim, providing comfortable support for a bather's head and neck. As part of the

Boutique Collection, it's available as a soaker or air bath in white or biscuit, with matte or high-gloss finish. Its integrated slotted overflow requires only drain installation. The tub measures 60" x 32" by 20¾" and is made with MTI's proprietary SculptureStone. [MTIbaths.com](http://MTIbaths.com) CIRCLE 826

**3 Faucet:** The Berwick Widespread Bathroom Faucet from American Standard is WaterSense-certified, with a maximum flow rate of 1.2 gpm. Drip-free performance for the faucet's lifetime is made possible by ceramic disc valve cartridges. The swivel spout rotates for rinsing hard-to-reach spots and provides easy access to the sink basin.

The Speed Connect metal drain installs in less time with fewer parts. [Americanstandard-us.com](http://Americanstandard-us.com) CIRCLE 827

**4 Bath tub:** The Eldon from Victoria + Albert sports the curvy lines of a free-standing tub, but sits flush against the wall. This space-saving tub is the result of a collaboration with design studio Conran + Partners. At 68¾ inches long, its edge forms a natural shelf against the wall, hiding pipework and providing a platform for deck-mounted plumbing. The Eldon comes in seven exterior color finishes, and can be installed with or without an overflow. [VandAbaths.com/us/americas](http://VandAbaths.com/us/americas) CIRCLE 828

"The quality of Sub-Zero's manufacturing and customer service is fantastic, and produce lasts longer than in any other appliance. I love it so much that I have one in my own home. I've even given her a name: It's Samantha." —Robi Kirsic, President, TimeLine Renovations Inc.

**1 Refrigerator/freezer:** The 48" Built-In Side-by-Side Refrigerator/Freezer by Sub-Zero uses dual refrigeration to keep fresh foods in a humid yet chilly climate, and frozen foods in dryer, frigid air. A magnetic door seal system locks in cold, an advanced microprocessor provides precise climate control, and an antimicrobial air purification system fights spoilage and odors. **Subzero-wolf.com** CIRCLE 870

**2 Faucet:** Ruvati's sleek new Ibiza faucet comes with three silicone sleeves that slip easily on and off: Ruby Red (shown), Jet Black, and Pure White. Available options include Ocean Blue, Navy Blue, and Coral Pink. Ibiza's 360-degree pull-down swivel spout is made of stainless steel with zero lead content. The faucet is 20½" tall with

9¼" spout reach; fits in standard 1¾" hole; hot/cold water connection lines included. **Ruvati.com** CIRCLE 871

**3 Range hoods:** RangeCraft Manufacturing introduces a new line of stock range hoods, available in a 36" width: Pro-Line Deluxe and Stocked Hoods. The Pro-Line Deluxe sports elegant buttons and rivets at an affordable price; Stocked Hoods come with either a nondirectional or brushed stainless steel body. (Shown: Canterbury hood in brushed stainless steel.) **Rangecraft.com** CIRCLE 872

**4 Appliance collection:** KitchenAid's collection of black stainless steel appliances grew to include a number of new built-in and freestanding ranges and refrigerators. A total of 54 appliance

models are available, such as wall ovens, ventilation hoods, dishwashers, and under-counter beverage centers. A top priority is to make it possible for virtually any consumer to own a black stainless steel suite regardless of their kitchen layout. **Kitchenaid.com** CIRCLE 873

**5 Corner cabinets:** A variety of accessory options and custom-made corner cabinets are available from Wellborn Cabinets, such as the Corner Base Cabinet with Kidney Sliding Shelves (shown; photo courtesy Wellborn Cabinet). This easily accessible cabinet offers a spot where utensils can be stored until needed. The firm offers a total of six product lines: Home Concepts, Select, Premier, Estate, Elegant Bath, and Wellborn Closets. **Wellborn.com** CIRCLE 874
