AFFORDABLE LUXURY

Keeney Manufacturing is introducing Canadian manufacturer Bélanger to the U.S. market by offering an affordable line of quality fixtures for the kitchen, bath, and laundry room. The Bélanger by Keeney collection includes waterfall and rainfall showerheads, motion-activated kitchen faucets, and water-conserving bathroom faucets. Bélanger faucets are made with high-quality ceramic disc cartridges and chrome or PVD-resistant finishes to protect against corrosion. **For more info circle 817**

STAINLESS STYLING

The contemporary line of Italian-made stainless steel faucets, Soriano, is the result of collaboration between design group Meneghello Paoelli Associati and manufacturer **Victoria + Albert**. Inspired by Boolean binary coding logic, the sleek faucets are crafted to convey simplicity. The collection has four configurations: Soriano 9, 14, 16 and 19, for both kitchen and bath. **For more info circle 818**

Put the Flooring Experts on Your Team
