

ELEGANT ELLIPSES

NEW OPALIA COLLECTION BY BAINULTRA PAIRS THERAPEUTIC BATHING WITH INTRIGUING OPTIONS FOR TUB DESIGN

(Québec, Canada) BainUltra is pleased to unveil Opalia™, an extraordinary collection of therapeutic baths inspired by the splendor of an elegant opal. Known as a symbol of love and creativity, this precious jewel has been prized over the centuries for its luminescent beauty and soothing properties. Bain Ultra has captured that essence in an exquisitely crafted line of freestanding tubs made all the more remarkable by singular options for deck designs and a luxurious bathing experience that refreshes the body, mind and spirit.

Opalia draws the eye with its fascinating curves, available in five enticing configurations. The oval inner shell of the bath can be centered, off-centered to either side, or oblique from the center, creating an intriguing play of elliptical shapes and boldly distinctive decks. The tub measures 68 x 39 x 25 with generous proportions to accommodate two bathers in comfort and comes in two beautiful finishes – Glossy or UltraVelour Matte. Crafted by hand for a seamless appearance, the tubs are made exclusively of acrylic for amazing durability and lasting beauty.

As with all BainUltra baths, the Opalia Collection was designed with wellness and relaxation in mind. Multiple therapeutic benefits are available to create the ultimate soaking experience. In the ThermoMasseur® category, Opalia offers the bliss of hydro-thermo massage to relax the body and mind, relieve back pain, stimulate blood flow and eliminate toxins. Geysair® technology adds further enhancement with warm air jets that provide uniform heat and maintain water temperature for longer periods. Opalia is also available in the popular ThermoSens® category featuring integrated aromatherapy (AromaCloud®), chromatherapy and ThermoTherapy® with Warm Touch Shell® heating zones.

BAINULTRA INTRODUCES THE OPALIA COLLECTION

ABOUT BAINULTRA

BainUltra®, a Canadian company, has spent more than three decades helping customers throughout North America improve their personal health. While they've pioneered the development of therapeutic air jet baths, their mission over the years has evolved. Today, they offer an integrated line of products that help consumers improve relaxation, health and well-being right in their own homes. The company's mission is to transform the bathroom from the ordinary to the inspired, by making it a fully personalized space that uses the best designs and therapies that will cater to the needs of your body, mind and spirit. BainUltra uses the latest advances in hydrotherapy - incorporating heat, massage, light, sound and aroma - to reinvent the bathing experience.
