## MTI Baths Launches a New Video To Kick Off Their FOCUS ON DESIGN

*See the initiatives that set MTI apart from the rest when it comes to progressive design!*

(Sugar Hill, GA. March 2, 2018) For 30 years MTI Baths has earned a reputation for creating beautiful and functional bath products. Today, the brand has released a short new video highlighting their design process.

The video focuses on MTI's Boutique Collection, which is exclusively made from their signature one-piece SculptureStone® material, and built to order with customization options for a unique design that is truly exceptional. More than creating products that are merely high in design aesthetics, the design team at MTI maintains a focus on creating products that will satisfy the needs of people and enrich their lives. The brand's culture of creativity is present in each design. The common thread within the team's philosophy is "design with purpose".

MTI Baths is proud to have received more than 100 awards for design excellence and product innovation, to see the new full video now [click here](#) or visit [mtibaths.com](http://mtibaths.com) to see more.
