

Handmade
in the heart of
BRITAIN

THE STERLINGHAM CO. LTD.

FOR IMMEDIATE RELEASE :

THE BEST OF BOTH WORLDS.

Sterlingham Co. Ltd. Introduces the Heated Washstand.

(November 5, 2015) With the style of a sink stand and the added advantage of a built in towel warmer, the new Heated Washstand from Sterlingham Company Ltd. brings the luxury of a warm towel right to your fingertips. This new artisan-quality stand also has the added benefit of being energy efficient - it runs on nearly the same amount of electricity as a light bulb, so you can have warm towels with the flick of a switch all year round.

British manufacturer, The Sterlingham Company Ltd. is proud to bring their patented low-energy design to this sleekly engineered sink stand destined to be a beautifully practical piece in any décor. With an English Edwardian style, the new Heated Washstands are crafted from solid brass and come in either a wall-mount two leg Washstand with two heated towel warmer rails or a wall-mount four leg Washstand with three heated towel warmer rails (shown above). Custom sizes are also available along with a variety of foot styles. Standard finishes include polished brass, polished chrome, polished or matte nickel, antique gold, copper, and various shades of bronze with optional distressing. An unflinching commitment to quality is an important part of the company's culture, which is manifested by the two-year full replacement guarantee that comes with each warmer.

ABOUT STERLINGHAM COMPANY
