A PRETTY PAIRING. A POWERFUL DESIGN IMPACT.

Victoria + Albert's new Pembroke Collection offers luxurious design options for the bath.

(Ladson, SC – September 7, 2018) Victoria + Albert is pleased to introduce a new bathtub-and-basin duo known as the Pembroke Collection. Named in honor of the birthplace of England's first Tudor king, this transitional line evokes a sense of regal elegance and refined luxury. Both pieces were created in partnership with award-winning Italian design powerhouse Meneghello Paoletti Associati.

The Pembroke is a freestanding bath with an intriguing blend of crisp lines and graceful curves. The silhouette lightens towards the base, adding a pleasing roundness that brings a soothing softness to the room. Measuring a generous 69-1/2" x 31-3/8" x 22-3/4", the tub is deep and dual-ended, proving ample space for a luxurious soaking experience for one or two bathers. It is available in seven exterior finishes including Gloss Black, Matte Black, Matte White, Stone Gray, Light Gray and Anthracite.

A fitting partner for this beautiful tub is the Pembroke 52 basin. With exquisite proportions and an internal overflow, this elegant sink features a special rim design that allows an undermount or drop-in installation. It measures 20-1/8" x 13-7/8" x 6-7/8" and is the perfect complement to the Pembroke tub to create a wonderfully cohesive bathroom design space.

As with all Victoria + Albert designs, the Pembroke Collection is made from ENGLISHCAST™, a one-piece casting of a proprietary blend of Volcanic Limestone™ and resins that is harder and more durable than acrylic. Each piece is carefully finished to an easy-to-clean high-gloss shine and is covered by a 25-year warranty.

About Victoria + Albert

Victoria + Albert Baths is a British company with a worldwide reputation for creating beautiful freestanding bathtubs, basins, faucets, furniture and accessories. Founded over 20 years ago, Victoria + Albert is regarded as the ultimate statement in quality and sophisticated style, with award-winning collections packed with inspirational designs. The company, headquartered in the UK, has offices in the USA, Canada, Australia and South Africa.

Victoria + Albert Baths is renowned for its unique ENGLISHCAST™ material, made from a unique blend of Volcanic Limestone™ and high-performance resins in its wholly owned factories in South Africa.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighboring rock into a new material made up of incredibly hard strands. Finely milled Volcanic Limestone™ is blended with high quality resins to bind these strands into a complex 3D matrix. The finished result is ENGLISHCAST™ - a world-class stone composite that delivers unrivalled strength, durability and beauty:

Easy to clean. The naturally glossy white surface is easy to wipe clean.

Strong. ENGLISHCAST™ is solid all the way through - more than twice as hard as acrylic with no creaking or flexing.

Warm to the touch with high insulating properties, keeping your bath water warmer for longer.

Lightweight. Surprisingly lightweight, the average weight of our baths is just 72kg.

Scratch and stain resistant. The naturally white, glossy surface is incredibly durable, and resistant to hair dyes and bath oils.

25 years Guaranteed. 25 year consumer guarantee, 8 year commercial guarantee.

Recipients of the prestigious Red Dot Award for their Amiata collection along with a GOOD DESIGN Award for their Eldon, Pescadero, Napoli and ionian tubs, Victoria + Albert raises the bar on exceptional product design. Victoria + Albert's products have been specified in some of the most luxurious hotels and residences worldwide, from big global brands to boutique hotels. Recent hotel projects include W Hotel, InterContinental, JW Marriott, Mandarin Oriental, Viceroy Resorts, Rosewood Group, Waldorf Astoria and Fairmont.
