WHAT'S NEXT IN WASHSTANDS

Victoria + Albert introduces a new category of exceptional washstands

(Ladson, SC – March 15, 2018) Victoria + Albert is pleased to unveil a new category of washstand that is notable for its beautiful brass construction, gleaming Polished Chrome finish and ENGLISHCAST® basin top. With an open design and minimalist lines, the collection was created in collaboration with Italian designers Meneghello Paoletti Associati, known for their take on refining classic designs so pieces will work equally well in modern or traditional environments.

The **Candella** washstands are typified by the design of the legs, which feature elegantly shaped details. A towel bar and a storage shelf in toughened glass are practical yet well designed, lending a sense of hotel style to the bathroom. The Candella is available in two sizes; **Candella 114** (45-1/8" W), which is topped with a sleek Mandello 114 Solo basin, or the **Candella 100** (39-3/8" W), topped with a Victorian-inspired Lario 100 Solo basin.

The **Metallo** washstands are timeless design classics, with right angle tee joints that reference traditional bathroom pipework, looking equally at home in a more historic period bathroom or industrial-inspired scheme. Each washstand features a practical towel bar and a shelf for storage, finished in a tubular brass. The Metallo is available in two sizes; **Metallo 114** (45-1/8" W), which is topped with a sleek Mandello 114 Solo basin, or the **Metallo 100** (39-3/8" W), topped with a Victorian-inspired Lario 100 Solo basin.

The washstands are available with 0, 1 or 3 faucet holes so the designer or homeowner can choose faucets that best suits the bathroom's design. The generous width of the basin tops means that there's ample room for toiletries on the surface of the washstand, in addition to the storage shelf beneath. Each washstand also features an adjustable screw on the two legs for perfect levelling.

“We are proud to have developed a range of products that work in a wide range of contexts. Perfectly balanced between past and present, tradition and innovation, reinterpretation and modernity, the Candella and Metallo washstands represent a combination of classic shapes and contemporary design.” - Meneghello Paoletti Associati, 2018.

With their and chic silhouettes, Candella and Metallo are destined to be favorites among Victoria + Albert's collection of bathroom furnishings. Learn more about these exceptional designs at vandabaths.com.

About Victoria + Albert

For over 20 years, global brand Victoria + Albert has achieved a worldwide reputation for creating beautiful baths, basins, furniture and faucets. The ultimate statement in quality and sophisticated style, their award-winning collections are packed with inspirational designs made from 100% ENGLISHCAST®, a unique blend of Volcanic Limestone™ and high performance resins. Naturally white, each tub is individually hand-finished by craftsmen and tested by IAPMO to UPC and cUPC standards with a 25-year limited consumer warranty.

Recipients of the prestigious RED DOT Award for their Amiata tub along with a Chicago Athenaeum GOOD DESIGN Award for their Pescadero, Napoli and ionian tubs, Victoria + Albert raises the bar on exceptional product design. Adored by consumers across the globe, and featured in distinguished five-star hospitality projects, Victoria + Albert sets the trend in bathing. The company is an avid supporter of the architectural and design community and sponsor of continuing education courses throughout North America.
