TUB TALK

RUB A DUB TUB

The latest and greatest from **Victoria + Albert** is Pembroke. The bath of your dreams was designed by Italian firm Meneghello Paoletti Associati, and its European roots show—regal, elegant and ready to indulge. Offered in seven external finishes, including two gloss (white and black), two matte (white and black), anthracite, stone and light gray, it's the surest way to get some refinement and relaxation into your next project. As is par for the course with Victoria + Albert, the Pembroke is made from ENGLISHCAST, the brand's exclusive blend of volcanic limestone and high-performance resins. And for those focused on the cleanup, fear not: Pembroke is scratch-resistant, strong, lightweight and can be wiped clean.
