## BRING THE **BEAUTY OF BLACK** TO YOUR KITCHEN

This dark classic alternative to metallic finishes is a welcome contrast against a classic white or grey kitchen. Matte black works with modern colourful kitchens as well.

Two new faucet designs from Lenova in a new ever-popular matte-black finish. The SK222 has a striking geometric vibe while the K410 has a gently rounded silhouette. Both are notable for their dramatic arches and side levers.

The SK222 is \$425, the K410 faucet is \$325; Available at Taps, Roman Bath Centre, Dupont Plumbing Supplies and Ginger's; lenova.com

## SUSTAINABLE SURFACES

Light or dark, uniform or with veining, counter-tops should be durable and low-maintenance and either complement or contrast with your colour scheme.

◀ Krión is a non-porous, uniform material made of one-third organic material and two-thirds natural minerals. Krión solid surface counter-top, Erice. Available at Porcelanosa.

### Flooring TRENDS

*Add a hex pattern to a light to medium-toned wood floor.*

White Wolf Hex from Erth Coverings

X-Tone is a lightweight surface made out of extra large and thin slabs of porcelain. Available in nine shades, shown here in Aged Dark Nature and Porto Grey. Visit the Porcelanosa showroom in Castlefield for more information.

Tanzania Wine from the Seedwood collection at Porcelanosa

A very versatile series, which can be installed in both wall and floor applications.

## TACTILE TOUCHES
