**28 BLUE LEAF**  
[blueleafmiami.com](http://blueleafmiami.com)  
 Accented with turned legs and carved details, the Captain's Desk combines the functionality of a desk and hospitality bar. Inspired by an antique Victorian davenport writing desk, the piece blends the old world elegance of matchbook burl veneer with a walnut finish. The modern appeal of a royal white marble top with a reverse bevel edge, an azure-blue-lined libations bar and outlet with USB ports completes the look.

**29 AREA ENVIRONMENTS**  
[areaenvironments.com](http://areaenvironments.com)  
 Murals created from wallpaper feature original work from five different contemporary artists. Motifs range from reinterpretations of clouds, beaches and skies to abstract themes. Matte, canvas, linen, matte type II, scrim and metallic substrates comprise the wallcoverings.

**30 MTI BATHS**  
[mtibaths.com](http://mtibaths.com)  
 The 6036 shower base appears to be a standard model with a hidden drain at first glance until the drain cover is removed. The cover conceals an offset drain, which allows the base to replace an original narrower base or tub without repositioning plumbing. Measuring 60 in. by 36 in. and crafted from Lucite, the product is finished with multiple layers of fiberglass, resin, titanium and wood to prevent flexing. ●
