The master bathroom vanity and sinks are fabricated from concrete. "The sink is almost scooped out," Noval says. "It's a wave sink. The surface drops away and at the bottom is a slot drain."

The master bathroom is swathed in travertine. The wall between the tub area and the vanity area encloses the shower.

The homeowners sourced the birch pieces on the ceiling from their home in Vermont.

wish is that the design of the residence has made their lives infinitely better and less stressful and that it allows them to gather together and enjoy each other's company. **DNJ**
