Design Spotlight: Specialty Rooms

1. CALIFORNIA FAUCETS

Steampunk Bay draws inspiration from retro-futuristic steam gauges and gears of the industrial-style steampunk genre. Referencing author Jules Verne, the industrial-style faucet collection features utilitarian shapes and slightly distressed finishes. Made from solid brass, products are available in a wide variety of options, with a range of accessories and handles to choose from, including a wheel, trapezoidal lever, and triangular blade.

2. ASHLEY NORTON

The Luxe Modern Leverset combines sleek lines with textural details. Part of the Solid Brass Collection, the levers feature either a knurled or reeded detail that adds visual and tactile interest. Products are forged from solid brass and come in seven finishes, including Venetian Bronze, Unlacquered Brass, and Flat Black. Three lever styles are available.

3. SCHLUTER SYSTEMS

Kerdi-Drain-H's 2-inch horizontal outlet makes it easy to relocate a drain for a shower. Designed for remodeling and renovation projects, the horizontal outlet allows the drain to connect to an existing drainpipe and P-trap away from the new drain location, significantly reducing demolition work and project costs. Available in PVC or ABS.

4. ICERA

The brand has expanded its toilet lineup with a new smart Muse iWash that integrates a bidet seat, remote control, and a host of personal features. Muse offers a bowl-cleansing pre-mist that's activated whenever the seat is occupied, and it automatically flushes, for a sanitary, touch-free bathroom experience. Other features include a heated seat, deodorizer, and in-bowl LED nightlight. The toilet flushes with 1.28 gallons.

5. Flos

Featuring a white powder-coated steel internal structure, with two interlocking rings that intersect at right angles, the Overlap pendant's metal skeleton is covered by a polymer membrane spray-on cocoon. Each lamp consists of a thick layer and a second, thinner covering applied via spray gun while the frame twirls on a spinning base. The fixture comes in two sizes: 25.79 inches wide by 32.68 inches tall, and 39.37 inches wide by 49.6 inches tall. usa.flos.com circle No. 874

6. NOSTALGIC WAREHOUSE

The modern farmhouse-inspired hardware collection offers a finishing touch to create a look full of charm and character, the company says. Consisting of clean, streamlined shapes and age-worn finishes, the Modern Farmhouse collection features a wide range of bin pull, cabinet knob, door plate, and knob options, all forged from solid brass. nostalgicwarehouse.com circle No. 875

7. HARDWARE RESOURCES

Costrel wall-mount vanities by Jeffrey Alexander feature straight lines, slab-front drawers, and high-gloss finishes. Depending on the model, each has single drawers, side-by-side drawers, or stacked drawers that fit around plumbing. The line is made of solid wood with soft-close undermount slides and an acrylic resin top. Five sizes are available. hardwareresources.com circle No. 876
