Ceramic sinks play with color for chromatic harmony

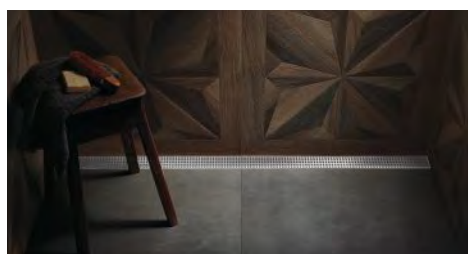

SIMAS invades the bathroom environment with the friendly color energy of its new basins collection, Wave. Available in rounded, oval, square or rectangular shapes, and for wall-hung or countertop installation, Wave is characterized by asymmetry on the internal bowl thanks to the soft grade of the frontal edge. Realized in fireclay and with thin edges of 8 mm, Wave consists of eight basins: four countertop and four with single-tap hole both for wall hung or countertop.

Vanity inspired by modern, minimalist design trends

ICERA brings a contemporary vibe to the bathroom with its new Muse vanity, a bold geometric silhouette highlighted in striking metal trim. Muse is well-suited for minimalist-inspired modern designs that celebrate clean lines and luxurious style. The vanity is the latest addition to ICERA's Muse collection, with offers a basin and intelligent bidet toilet for a cohesive and chic bathroom. Three drawers and a tilt-out top drawer maximize storage space and keep small items accessible.

Linear drain works with most waterproofing methods

INFINITY DRAIN simplifies barrier-free bathroom design with the Universal Infinity Drain Linear Drain, which is compatible with most types of waterproofing methods. The convenient universal kit includes a pitched channel with a clamping collar, as well as the choice of a tile insert frame or squares pattern grate. Designed to adhere to traditional and modern waterproofing techniques, the drain channel allows membranes such as vinyl or Chloraloy to be mechanically fastened to it.

Freestanding tub offers smaller option within challenging spaces

AMERICH combines the classic French curve with a bold American presence in the new Orleans freestanding bathtub. A smaller size makes the Orleans makes it the perfect freestanding option for designs within challenging spaces or for bathers with a comfortable, more intimate space in mind. The 16-inch interior depth makes it easy to step in and out of the bath, while the integral linear drain still allows a good depth of water for soaking.
