Tiffany Brown:
Breaking Down Barriers

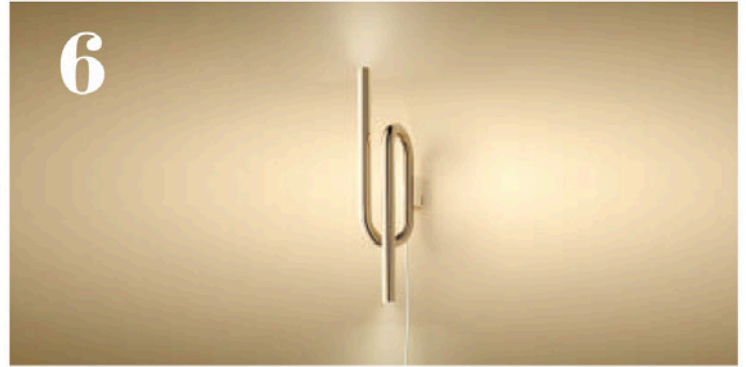

5. Senso Vesta Chandelier from Luminii

Luminii's Senso Vesta 1 product family has been expanded to include a chandelier collection. Vesta consists of completely outfitted designs — its five models feature silhouettes that include Vesta X, Vesta Y, Vesta SQUARE, Vesta HEXAGON and Vesta TRIANGLE. Each ready-to-order chandelier is designed with a universal, round canopy to support cohesive installations and product continuity. The modular collection is available in standard and premium finishes and can also be personalized with custom colors.

6. Tobia from Foscarini

Tobia, created by Italian designer Ferruccio Laviani, is a floor lamp characterized by its minimal and geometric appearance. The "knot" in the middle of the lamp makes a modern visual statement and can also be used as a handlebar, allowing for easy rearrangement in a range of settings. Tobia emits soft and diffused light from its tube-top opening, creating a whimsical glow wherever it is situated. The sconce also emits light both upwards and downwards from its main structure tube, accommodating a range of lighting needs.

7. Moxie Showerhead + Wireless Speaker from KOHLER

The new Moxie Showerhead + Wireless Speaker features Harman Kardon speakers and is designed to specifically overcome white noise in the shower, while also enveloping the user in a luxurious spray of water. Moxie comes in an array of finishes to match any aesthetic, and its portable speaker is offered in two models: Bluetooth and AI with embedded Amazon Alexa for ultimate hands-free control. Its magnetic docking system also makes the speaker an easy solution for music around any space.

8. Serie 260 Faucet Collection from Isenberg

The Serie 260 Collection is a new faucet line that offers a blend of structure and ease. It features a softly curved base with smooth lines inspired by gently flowing water, while the flat spout provides geometric simplicity. The Serie 260 faucets are available as single-hole or wide-spread designs, and the collection offers an assortment of fixtures for basins, showers, tubs and bidets to create a cohesive design space in the bathroom. All fixtures are crafted from solid brass and meticulously detailed in four finishes, including chrome, brushed nickel, polished nickel and matte black.

9. Zoe from The Furniture Guild

Zoe is a Mid-Century Modern vanity that features metal accents and clever storage solutions. Inspired by the popular Josie vanity, the Zoe includes distinctive metal trim that surrounds the single drawer face, metal finger pull and handcrafted metal feet with connecting rods. Designed to be both smart and stylish, this new model provides ample storage with its drawer-in-drawer storage system featuring a full-height drawer face that conceals a split interior with a deep bottom drawer and a shorter, pullout version above. The standard interior for the Zoe vanity matches the exterior but can be upgraded to a walnut finish with optional interior light, glass dividers and inserts, and a hairdryer holder.

10. 30-Inch Trough 3019 from Native Trails

Previously only available in 48-inch and 36-inch versions, the NativeStone Trough bathroom sink line now welcomes a smaller size option: the 30-inch Trough 3019. The smaller frame allows the Trough sink to suit petite bathrooms and narrow, single vanities. Like all of Native Trails' NativeStone products, Trough 3019 is available in Pearl, Ash, Slate and Earth finishes.

11. Crossings Rx Collection from Ecore

Ecore added a new line of flooring for its Rx Collection: Crossings Rx. It features a textile-inspired pattern and has a vulcanized composition rubber base layer fusion-bonded to a contemporary heterogeneous vinyl sheet using patented its TRU Technology. Available as 6-foot-wide rolls, Crossings Rx offers a seamless, easy-to-maintain surface that can lessen the risk of injuries associated with falls while delivering superior sound control and comfort underfoot. Its palette of eight neutral colors makes it ideal for a variety of spaces, including medical, fitness and common areas.

12. Drumline from Bentley

Drumline is a spirited modular carpet that is the latest addition to Bentley's growing Fast Track program, meaning the product is offered for 1,500 yards or less in 10 days or less. The new collection, available in 12 colors, pairs deeply textured patterns with ribbons of color that weave their way through linear formations. Along with Environmental Product Declarations (EPDs) and Health Product Declarations (HPDs), Drumline products contain Declare labels and have achieved LBC Compliant status through the Living Building Challenge.
