RUVATI

THE BEST KITCHEN SINK IS NOW AL FRESCO

Ruvati's Merino Collection brings versatile durability to outdoor cooking spaces

In this age of al fresco entertaining and social distancing, Ruvati's new Merino Collection of marine-grade stainless steel sinks is the perfect solution for backyard gatherings and barbecues. Designed specifically for outside kitchens and boat decks, this amazingly durable sink withstands the elements with ease while maintaining a beautiful brushed finish. Thoughtful built-in accessories turn the Merino sink into a true culinary workstation that is sure to be appreciated by outdoor chefs everywhere.

Ruvati brings its trademark workmanship to the design and construction of the Merino sink. The premium T-316 stainless steel is geared for heavy-duty use without denting or bending and is extremely resistant to corrosion and rusting even in saltwater environments. Its practical workstation design features a single-tier track for sliding accessories into place as needed. The stainless-steel colander is great for washing veggies, draining pasta, or drying dishes while the solid cutting board fits snugly across the top to form a handy countertop and prep

surface. The cutting board itself is made of exotic sapele wood, a luxurious dark hardwood that is naturally water-resistant.

The Merino Collection includes sinks in three sizes – 15" x 15", 15" x 20" and 21" x 20". The sink sits solidly on the countertop with a drop-in top-mount installation and features SoundGuard undercoating and thick rubber NoiseDefend padding to minimize noise and reduce condensation. The sink bowl is a generous 9" deep and comes with a stainless-steel bottom rinse grid and a basket strainer drain assembly. A durable commercial-grade brushed finish makes the sink easy to clean and coordinates well with other appliances. Like all Ruvati products, Merino sinks are backed by a Limited Lifetime Warranty for greater peace of mind.

Ruvati elevates the standard for style and performance by crafting a unique selection of quality kitchen sinks that evoke the classic beauty and sophisticated elegance of Italian design. Each component is carefully chosen and exhaustively tested to offer the utmost in functionality and reliability. All Ruvati sinks are manufactured using the highest quality material available to ensure long-lasting durability. This results in a collection of flawless products that are not only stunning to behold, but also built to last for decades.
