1 AMPLIFY THE SENSES >

Tune into a relaxing shower experience with an iconic thermostatic mixer that replicates the nostalgic look and feel of a 1990s stereo system. Click a button to choose shower functions and turn the knobs to fine-tune and set water flow and temperature. **Hi-Fi Thermostatic Mixers** (starting at \$2,500). Gessi North America; gessi.com

2 TWIST ON TRADITION <

Design and functionality intertwine in the Georgian Era Touchless Faucet by Perrin & Rowe. Turn water on and off with the wave of a hand to reduce cross-contamination. Choose from five finishes to suit any style of kitchen. **Touchless Faucet** (from \$1,358). Perrin & Rowe; houseofrohl.com/perrin-and-rowe/

3 MODULAR MARVEL >

Clean, modern lines. Smooth texture. Customizable configurations. They're all hallmarks of the first modular outdoor kitchen to be created with preformed concrete panels that connect with adjustable, stainless-steel hardware. Bonus feature: The panels' hollow interiors make it easy to install lighting. **Artforms** (from \$30 per square foot, installed). Belgard; belgard.com/artforms

8 OPTICAL ILLUSION ▲
 Reimagined midcentury modern fixtures add drama, mystery, and soft, indirect light to today's kitchens thanks to floating disc shades that are uplit by hidden LED lights. The two chandeliers and one island fixture in this collection are finished in matte black and white with brass accents. **Redding Collection** (from \$447). Kalco Lighting; kalco.com

9 SEAMLESS SINK ▲
 Cut the visual clutter and create a single seamless unit when you connect a c-bonded ceramic sink with matching bathroom furniture. **Happy D.2 Plus C-Bonded Washbasin** (starting at \$2,215). Duravit; duravit.us

10 ICE, ICE BABY ▲
 No ice molds needed! From craft cocktails to iced coffee, drinks will attract attention when the host's first-of-its-kind refrigerator automatically dispenses round Craft Ice. Best of all: The slow-melting 2-inch-diameter spheres keep drinks colder longer. **LG InstaView Refrigerator with Craft Ice** (\$4,200). LG Electronics USA; lg.com/us/

SCULPTED LUXURY ▲
 Designed in collaboration with NYC's Studio DB design firm, this freestanding bathtub features a distinctive white lip that accentuates its silhouette—and welcomes a contrasting color below. Make the SculptureStone tub your own by choosing from two material colors (white or biscuit) with a matte or deep-gloss finish and eight exterior hues. **The Blake** (\$7,995). MTI Baths; mtibaths.com

23

26

VOICE COMMAND ▲

Do more but handle less with a smart faucet that uses voice-activated technology to turn the water on, fill containers to a preset level, or dispense a specific amount. **Setra Touchless Kitchen Faucet with Kohler Connect** (\$389). Kohler Co.; kohler.com

24

23 MODERN DRAIN ◀

Designed to fit flush against the shower surround, this triangular linear drain (the smallest on the market) is nearly invisible. A reversible grate can be cut to match the shower tile or stone—or choose a stainless-steel finish (shown) for a contrasting look. **S-Line** (\$1,000). **Easy Drain**; easydrainusa.com

24 FRESH SCENT ▲

Breathe in the aroma of fresh laundry with the first front-load washer engineered to defend against odor-causing bacteria thanks to exclusive antimicrobial technology and a revolutionary airflow system that eliminates excess moisture. **Front Load Washer with UltraFresh Vent System with OdorBlock** (from \$899). GE Appliances; geappliances.com

25

INTEGRATED DESIGN ◀

Skip the separate wine chiller. This space-saving refrigerator stores premium beverages in a dedicated glass-front drawer. Manage five preprogrammed settings on the fridge itself or via the Home Connect app to achieve the ideal temperature and humidity setting for everything from craft beers to bottles of wine. **800 Series Refreshment Center refrigerator** (\$4,439). Bosch Home Appliances; bosch-home.com/us/
