## Lenova Solid Brass Kitchen Faucets

Lenova is pleased to unveil a luxurious line of solid brass faucets as the latest addition to their collection of designer kitchen faucets. With four styles to choose from, these premium brass fixtures are a smart and stylish choice for today's kitchens. All are crafted from no-lead solid brass, a long-lasting metal alloy of zinc and copper known for amazing durability and resistance to rust and corrosion. When combined with Lenova's meticulously detailing and finishing expertise, these new brass faucets are a wonderful expansion of the company's lineup of exceptional plumbing fixtures. Dramatic faucets are one of today's hottest trends in kitchen design. Lenova combines form and function to create focal-point faucets that are also true work horses in busy kitchens. Sleek, contemporary style combines with the practicality of pull-down faucets, single lever flow control, two-function sprayers, and a full 360-degree swivel spout.

## Island Stone Lava Glass Mosaic Tiles

The Lava Glass Collection mosaic glass tiles by Island Stone incorporate iridescent and undulating surfaces that play with light in water. The shimmery, wetscapes look is ideal for pools, showers, and other water and water-adjacent applications. The fused glass tile features durable back paint applied at over 1,025 degrees Fahrenheit, giving the tiles a brilliant, pearlescent color spanning light and dark tones across a single mosaic. The tiles are available in six colors, each evoking the blues and greens of island waters. Available mosaics include 1" x 1" straight set and 1" x 2" offset, along with corresponding 1" x 2" V-cap trim. The tiles are suitable for interior walls, kitchen backsplashes, fireplace walls (not in firebox), shower walls, exterior walls, and pools, spas, and water features.
