Presenter of HD Expo, a hospitality design event

“There’s something wonderful about that tactile experience. They nailed it.”

—HD Awards judges

winner/best in show

Replicating the iconic look and feel of a 1980s or '90s stereo system, **Gessi North America's Hi-Fi Thermostatic shower mixers** offer high-fidelity technology for water delivery with accurate precision and ergonomic design. GESSI.COM

finalist

AA/27 from Aboutwater by **Boffi and Fantini** features a faucet composed of a handle and spout, combined with a third horizontal cylindrical element. The suspended spout does not touch the surface it is mounted on. FANTINIUSA.COM

finalist

Lacava's Zoom EX26 line of midcentury electronic faucets and soap dispensers boasts an infrared sensor with adjustable sensing distance for enhanced touch-free technology. LACAVA.COM
