Linear drain improves water protection

INFINITY DRAIN unveils its new FCB Linear Drain Series, which combines both traditional and modern methods for double waterproofing protection. The new series features a stainless-steel flanged channel plus a threaded connection to a clamping floor drain body. The durable 16-gauge, 304 stainless pre-pitched channel offers seven different grate styles, five finish options and six different lengths from 24 to 60 inches. FCB linear drains include decorative grate and channel components for easy specification. infinitydrain.com

Faucet designs offer uniqueness, diversity

CALIFORNIA FAUCETS presents three new bath faucets: the Libretto Single Lever Faucet, D Street Bath Collection, and wheel handles for its Descanso Bath Collection. Clean and minimal with a twist, the Libretto Single Lever Faucet blends lines and curves. Like its namesake surf town, the D Street Bath Collection mixes fun and funky elements with modern spouts and handles. Wheel handles inspired by mid-century valves complement Descanso Bath Collection's industrial vibe. calfaucets.com

Sink combines unusual form, exceptional function

KOHLER partners with artist Janet Echelman to create a new member of the Artist Editions family of sinks: the 18.02. Echelman was inspired by the

fundamental structure of water in designing the 18.02 and chose the name to represent the two hydrogen electrons and eight oxygen electrons that make up a water molecule. With its asymmetrical oval basin, the sink has a graceful, slender quality that was achieved through the use of the manufacturer's innovative Supramic technology. kohler.com

Finish option brings industrial vibe to shower

ACQUABELLA adds style and texture to the bathroom with its Beton finish option for shower bases. An ideal pairing of artisan inspiration and a trendy urban aurora, Beton captures the visual and tactile experience of concrete with a luxurious, high-definition finish. The Duo Beton base will appeal to those who love customization with a hidden drain for a minimalist look, or a stainless steel grid for a bolder style. It ranges from a square 36 by 36 inches to a linear 36 by 60 inches. acquabella.com

Vanity collections provide clean-line tranquility

HARDWARE RESOURCES and its Jefferey Alexander Vanity line introduce Katara and Theodora, two new vanity collections that combine simple elegance with outstanding functionality. The clean lines of the collections are ideal for a range of design styles from mid-century modern to Zen Garden. Both collections also feature select vanities in a new Blue Steel finish that brings spa tranquility to any bath. The Blue Steel finish incorporates elegant Brushed Gold hardware. hardwareresources.com
