Cross Handle Bathroom Faucet

The Isenberg SERIES 240™ is a collection of 21 coordinating plumbing fixtures for tubs, showers and sinks. The cross handle is available in concrete, wood and metal options, and the faucets feature solid brass construction, separate hot and cold handles and three-hole installation. They are available in chrome, brushed nickel, polished nickel and matte black finishes.

Pest Control Barrier

Bite Barrier from Bare Ground Solutions provides extra protection against biting and blood-sucking pests that might carry dangerous diseases. The Bite Barrier includes unisex, mid-length stockings that can be worn under shorts or pants and 4 ounces of all-natural garscentria liquid spray. The stockings prevent direct contact with your skin and provide a soothing compression when walking, hiking or working in the garden.
