product Venti20
standout From the founder of Barcelona-based LRV Studio comes a collection of solid-brass faucets (in numerous finishes) defined by elements typical of the Roaring Twenties, such as detailed handles and fluted bodies. gessi.com

product Bilbury
standout The Australian industrial designer's new bath collection includes a sculpturally plump marble-composite tub as well as this series of taps and mixers inspired by vintage Soviet spigots. drummonds-uk.com

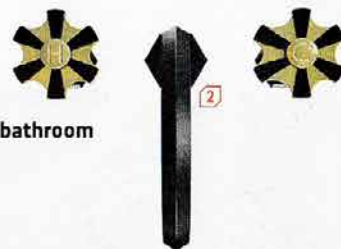

product Green with Envy

product Cosmopolitan Cooking Table
standout The elegant stainless-steel outdoor kitchen table—in varied colors of durable, low-maintenance powder-coat—offers a hidden-in-plain-sight cooktop, too, via its ingenious Invisacook induction technology. danver.com
