# Relax in a REIMAGINED BATH

**1** Shown in a Champagne Bronze finish, Delta's Saylor bath collection was inspired by modern farmhouse style. Available fall 2022. **2** The Central Park West bath collection from Kallista was inspired by the elegance of decades past. **3** Warmth and minimalism combine in Kohler's new Tone collection, which features extra resistance to tarnishing and corrosion. **4** The "Alva" tub from MTI Baths is a contemporary take that is continuously curved in all directions. **5** Designed and made in Brooklyn, the James collection from Watermark Designs is shown in a black-on-gold finish here.
