## Designing With Colorful Intention

These products are excelling in the luxury market.

**BY LINDA JENNINGS**  
Kitchen & bath specialist

**A WARM AND POLISHED DESIGN AESTHETIC** is a hallmark of luxury home decor. Workmanship is of the utmost importance in creating a space excelling in function while creating a luxurious environment for renewal and inspiration.

From the global design world, we've collected the newest products in the luxury plumbing and decorative hardware market. From the intuitively designed Origini faucet in a bold finish to shower trays with innovative drain placements — the newest products making their way into home design are exceptional and breaking tradition! Transform tired spaces into living areas that offer more flexibility for health and wellness with these artful new designs.

It's all in the details and choosing products that make the best use of space while also choosing statement pieces that express your style and bring happiness into the home. Check out these new product introductions that create award-winning kitchen and bath spaces!

### Mesmerizing Color

Discover a new world of intuitive design with Origini by Gessi. Stunning bathroom faucets take center stage in this fantastical collection with its mesmerizing array of colors, shapes and finishes. The faucets are meticulously sculpted into in-

spired silhouettes and finished with rich glossy hues or beautiful metallics.

The collection's signature basin mixer has a chic industrial vibe with a pipework-inspired design and hard angles softened by rounded edges. Of particular interest is the finish insert that fits neatly inside the knobs and allows an extra indulgence of color and customization. Origini is a celebration of the influence color can have on moods and ambiances; the Accent triad allows one to be daring when defining spaces.

### A WARM AND POLISHED DESIGN AESTHETIC IS A HALLMARK OF LUXURY HOME DECOR.

### Strategic Shift in Drain Design

Acquabella breaks tradition by placing the drain on the tray's longest side with its new Largo shower tray. This strategic shift creates more options for installation configurations and adds a gentle slope as a subtle design element. The Largo Collection is offered in a range of versatile sizes and is crafted of engineered stone.

The nonslip surfaces make for a safer shower environment and are incredibly durable and easy

to maintain. In addition, five color options are available: a traditional snow white, a stylish latte brown, and two shades of grey and matte black. Largo trays are further enhanced by texture. Choose from the brand's Slate finish, which mimics the effect of natural stone, or the popular Beton option, which imitates the look of cement.

Their low-profile design makes the shower easily accessible for all age groups and abilities, with a quick and easy recessed installation for flush-to-floor fit or standard with a small lip.

### Unexpected Hues

Ruvati infuses an array of fresh colors into the bathroom with bold new finish options for its popular epiStone series of bathroom sinks. The chic collection of hues is offered in matte black, classic white, avocado lime green, Pacific blue and a lovely light pink called Sedona clay.

Made in Italy by skilled artisans, epiStone is crafted from 70 percent crushed natural stone and minerals blended with proprietary resins. Ruvati uses state-of-the-art technology to create an engineered stone that perfectly mimics the look of real stone and is incredibly strong and durable. Its nonporous surface is easy to maintain and features a lovely satin finish that is silky smooth.

Measuring 19 inches by 14 inches with a 5-inch depth, epiStone sinks are meant to sit securely on the countertop with no mounting ring required.

### Sophisticated and Strong

The new Cosmopolitan Collection from MTI Baths is the epitome of luxury design for the bathroom with its sophisticated style and streamlined sensibility. There's a twist — it's affordable. The line includes 14 show-stopping freestanding tubs and eight distinctive complementing sinks. Plus, an innovative line of shower bases in different organic textures and colors. Shower floors reimaged.

Ruvati's epiStone bath sink

IT'S ALL IN THE DETAILS AND CHOOSING PRODUCTS THAT MAKE THE BEST USE OF SPACE WHILE ALSO CHOOSING STATEMENT PIECES THAT EXPRESS YOUR STYLE AND BRING HAPPINESS INTO THE HOME.

The products showcased in the Cosmopolitan Collection are destined to become the new standard of bathroom design. Each tub, sink and shower base is carefully crafted from MTI's signature mineral composite blend of organic dolomitic limestone. The cast-engineered stone is meticulously formed with a

chemically bonded coating and then finished by hand, creating a nonporous surface that is incredibly durable and easy to maintain.

MTI offers the collection in a beautiful glossy white finish or with optional exterior matte finishes in white, gray or black.

Grandeur Hardware's Carré Crystal knob

### Clearly Sensational

The Carré Crystal knobs from Grandeur Hardware are certain to be a dazzling addition to any home. The Carré Collection has long been a brand favorite for its versatile design and clean lines with a unique waterfall edge. The Carré Crystal knob follows suit, adapting easily to modern and traditional decors. Its smooth face and stepped edges are as pleasing to the eye as to the touch.

Each knob is a true masterpiece of careful craftsmanship with incredibly sculpted facets that naturally catch the light. These new knobs may be paired with any of the brand's extensive plate and rosette options. Made from solid forged brass rather than cast brass for reliable performance and enduring good looks, the plates and rosettes feature a flawless finish, with nine designer options to choose from.

### British Beauty

The Sterlingham Co. debuts a new lineup of sleekly engineered washstand packages. Crafted from solid brass, these artisan-quality washstands feature a stunning marble

Chelsea Washstand Package from Sterlingham Company

top with an upstand and are finished with a British-made white vitreous china bowl.

Offered in a variety of finishes and marbles for the tops, the washstand packages feature styles ranging from an English Edwardian, the Farringdon and Kensington, to a more modern aesthetic such as the Mayfair and Chelsea. Both the top rail and the rack can be heated using the same dry-line heating cable featured in the brand's acclaimed towel warmers.

Custom sizes also are available, along with a variety of foot styles. All stands include a support angle for supporting the marble slab against the wall.

The time is now to embrace innovative design. Be daring when defining spaces with these new product designs from leading global brands. ♦
