

The Utmost in Utility

Ruvati's new Alto Laundry Workstation Collection adds fabulous functionality to the laundry, mud or utility room.

The Ruvati Alto Laundry Workstation is designed to make laundry tasks easier and more efficient. This award-winning sink features a cleverly angled wood washboard that sits on the sink ledge, perfect for handwashing clothes. It also includes a foldable drying rack to hang clothes to dry above the sink.

The deep bowl can hold large buckets, while an optional wood cutting board covers the entire sink, providing a convenient space to fold laundry. The Alto sink is compatible with Ruvati's LedgeFit™ collection, offering over 40 optional accessories to enhance functionality and versatility.

The Alto Laundry Workstation sink offers an extra deep 12" bowl and is available in various widths (21", 23", 25", or 27"). The workstation design not only elevates the convenience of laundry tasks but also maximizes counter space when the cutting board is in place. This thoughtful configuration turns a typical laundry setup into a more organized and productive space for daily use. Constructed from durable 16 gauge premium T-304 stainless steel, the Alto features a commercial-grade brushed finish that is both easy to clean and resistant to scratches, ensuring it remains stylish and functional for years. The soundproof coating, which includes thick rubber padding, effectively minimizes noise during use. The Alto is backed by Ruvati's Limited Lifetime Warranty for years of worry-free enjoyment.

Striking in Satin Black

Ruvati adds an elegant new finish to the Canali Bath Collection

Ruvati delivers a new shade of modernity with the release of their stylish Canali bathtub and sink collection in Satin Black, sure to create a bold focal point in any contemporary bathroom. With sleek lines and a sophisticated new finish, the collection exudes a sense of luxury and elegance that elevates any bath space. The deep, luxurious black surface contrasts beautifully with softer hues, drawing the eye and inviting relaxation. Whether in a spa-like retreat or a chic urban setting, the Canali Collection becomes an instant style statement, ensuring that the bathroom is both a sanctuary and design showcase.

Made in Italy by skilled artisans, Canali Collection is crafted from Ruvati's signature epiStone, an exclusive blend of 70% organic crushed stone and minerals with a proprietary resin to create a solid surface with incredible strength and durability. It has the look of natural stone, yet it is silky smooth to the touch with a seamless, non-porous surface that is easy to clean and maintain. The tub and sink offer a thick construction that helps to retain the heat of bath water longer, creating a more soothing soaking experience as well as naturally sound-absorbing contributing to a serene, spa-like bathroom.

The Canali Bath in Black Satin is offered in two sizes: a generous 66-1/2" x 31-1/3" x 19-1/2" deep and a more compact model measuring 59" long, both with an oval, double-ended design offering the option of bathing on either side of the tub. The Canali vessel sink measures 19" (wide) x 15" (front-to-back) with a 4" depth. Both sink and tub include matching epiStone drains to complete the sleek look of the collection. In addition to the new Satin Black finish, the Canali Collection is also available in White as well as eye-catching colors like a light pink called Sedona Clay, Avocado Lime Green, and Pacific Blue.

As with all Ruvati products, the Canali Collection is backed by the brand's Limited Lifetime Warranty for years of worry-free enjoyment. **Learn more about this stunning collection from Ruvati and other exciting brand offerings at Ruvati.com.**

Ruvati brings a new level of functional freedom to the kitchen with their innovative series of LedgeFit® workstation accessories. Customers may customize their sink experience by choosing from **40 different accessories that integrate seamlessly into Ruvati's signature ledge design**. This impressive flexibility makes it easy to outfit the sink for various purposes, from prepping for a dinner party to washing up after a big meal. And with beautiful natural wood or trendy composite to select from, the LedgeFit collection is as stylish as practical.

What truly sets the LedgeFit series apart is its cross-compatibility; each accessory works seamlessly across all Ruvati workstation sink models. This means a previously purchased Ruvati workstation sink is a perfect match for new accessory products that are released, ensuring a workspace that evolves to meet changing needs.

With an inventory of 40 accessories in the LedgeFit series, Ruvati offers something to fit every need in today's busy kitchens. Among the most popular are the new **Nova black accessories** featuring solid composite construction for heavy-duty use and easy maintenance. The Nova options add a dramatic touch of black to the kitchen and are a smart choice for those looking to transition from standard wood. The **dish caddy** accessory is a must-have piece, providing a built-in drying rack for five plates and cutlery. The **workstation organizer** is also in high demand. This patent-pending design sits flush against the side of the sink to snugly hold up to two cutting boards. It also includes a knife block, soap dispenser and a tray for dish sponges. All these accessories enhance the sink's functionality and keep the equipment needed close at hand.

LEDGEFIT ACCESSORY COLLECTION ~ CONTINUED

Ruvati elevates the beauty of the kitchen with options for elegant **butcher block cutting boards**. Measuring 17" x 16" and a full 2" thick, these substantial hardwood cutting boards make an impressive design statement. The end-grain construction gives a beautiful checkered finish and a cutting surface that is strong and durable. Choose from French Oak, Teak or Acacia, all solid woods with organic grains and textures naturally resistant to bacteria, mold and mildew. The cutting boards fit neatly into the LedgeFit design, helping to maximize the workspace over the sink.

Discover the many ways the LedgeFit series can boost a kitchen's functionality and style. **To learn more about Ruvati and this exciting new line, visit Ruvati.com.**

Powerful Pattern

Ruvati unveils HexBottom[®] line with an etched geometric design that keeps sinks looking new without grids or sink protectors.

Ruvati combines style and practicality with their latest design innovation – HexBottom sinks. This patent-pending technology brings an embossed finish to stainless steel sink bottoms that is both beautiful and functional. The etched geometric print manifests as a subtle texture that protects against surface scratches and daily wear. With its stylish hexagonal pattern, HexBottom is the new must-have option for today's busy kitchens.

Now is the time to toss those traditional sink grids that are unsightly and difficult to clean around. Hexbottom is a fresh alternative perfect for modern kitchens with its clutter-free aesthetic and stylish matte finish. Ruvati offers HexBottom in two extraordinary sink designs. Gravena Hex is an undermount sink with a deep rectangular basin and curved corners. Its spacious 30" capacity is sized to handle the largest pots and pans with ease. Roma Hex is a workstation sink with Ruvati's signature built-in ledge to accommodate the sliding accessories, including a composite cutting board, and the brand's patented folding drying rack. Both sinks are constructed from premium 16-gauge stainless steel that will never rust or stain, and covered by Ruvati's Limited Lifetime Warranty.

A New Level of Style and Function

INTRODUCING THE DUAL-TIER NOVA WORKSTATION COLLECTION FROM RUVATI

Ruvati has elevated the popular workstation sink to a singular level of stylish sophistication with their new Dual-Tier Nova Collection. Nova sinks include all the must-have features of the workstation design but offer the included accessories in a dramatic matte black finish that perfectly sets off the luster of the stainless sink basin. The look is elegant and versatile, complimenting both contemporary and modern farmhouse decors with ease.

Available in 33" and 45" configurations, the Dual-Tier Nova sink brings impressive functionality to today's kitchens. A stacked pair of tracks allows accessories to slide into place as needed for prep, serving and clean-up in one compact space. The accessories are made of an extremely durable black composite mix of resin and wood fiber, creating a surface that is weather resistant and dishwasher safe. Each Nova sink includes a black composite cutting board that is flat on one side and raised on the other to function as a serving tray, a patented foldable drying rack, a black composite platform with mixing bowl and colander set, and a three-bowl serving board that is perfect for condiments or fresh produce.

The Dual-Tier Nova Collection has been thoughtfully designed from top to bottom. The brand's innovative one-inch SlopeBottom® ensures all water and debris streams easily toward the drain, while a stainless steel grid protects the bottom of the sink from impact and scratches. An offset drain may be installed on the right or left side to allow for maximum under-sink storage, and a beautiful commercial-grade brushed finish is easy to clean and blends well with other appliances. The Nova is crafted from 16 gauge premium T-304 stainless steel that will never rust or stain and is backed by Ruvati's Limited Lifetime Warranty for years of worry-free enjoyment.

Embrace the sleek sophistication of the Dual-Tier Nova Collection and discover how Ruvati has redefined the kitchen sink and the home kitchen experience. For details about Nova or any Ruvati design, visit www.ruvati.com.

Pleated Perfection

Ruvati unveils the Cordona fluted bathtub and sink collection

The new Cordona Collection from Ruvati is the perfect complement to any well-tailored bathroom. The fluted tub and sink coordinate beautifully, adding a new level of sophistication to the space. With a timeless design that features a modern edge, this collection elevates the look of the bathroom. The pleated texture of the Cordona Collection is awash in subtle layers, creating an ambiance that juxtaposes its clean contemporary style with a serene, inviting warmth.

The Cordona Collection is crafted from Ruvati's signature epiStone, an exclusive blend of 70% organic crushed stone and minerals with a proprietary resin to create a solid surface with incredible strength and durability. It has the look of natural stone, yet it is silky smooth to the touch with a seamless, non-porous surface that is easy to clean and maintain. As an added benefit, the tub and sink offer a thick construction that is naturally sound-absorbing and helps to retain the heat of bath water longer, creating a more soothing soaking experience.

The Cordona vessel sink measures 19" (wide) x 14" (front-to-back) with a 4" depth. The Cordona Bath is a luxurious statement piece offered in two sizes: a generous 67" x 30-3/4" x 21-5/8" deep and a more compact model measuring 59" long, both with a double-ended design for maximum comfort. As a freestanding model, the tub offers excellent versatility for creative placement in the bathroom and an easy installation process. Both sink and tub are finished in matte satin and include matching epiStone drains to complete the sleek look of the collection.

As with all Ruvati products, the Cordona Collection is backed by the brand's Limited Lifetime Warranty for years of worry-free enjoyment. **Learn more about this stunning collection from Ruvati and other exciting brand offerings at Ruvati.com.**

MADE IN
ITALY

The Grandeur of Green

Ruvati unveils a beautiful new hue for its Fiore workstation sinks

Add a delightful infusion of color to the kitchen with Ruvati's Fiore workstation sink in a stunning new shade of emerald green. This unexpected color pop is non-traditional in the very best way – fresh and whimsical yet rich and luxurious. It evokes a sense of the outdoors, a feeling of springtime and renewal. Green pairs well with wood cabinetry and offers a dramatic contrast against common kitchen palettes like white, black and stainless steel. Its farmhouse front shows off the lush color to its fullest advantage, ensuring this sink will be a beautiful design focal point in any kitchen.

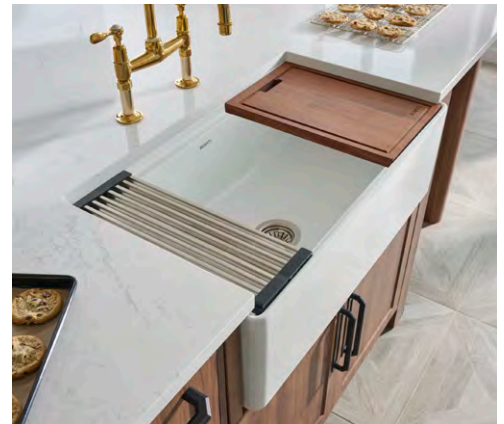

The Fiore Collection is part of Ruvati's line of renowned fireclay sinks. Handcrafted in Italy by talented artisans, fireclay sinks are crafted from locally sourced raw clay and fired at extreme temperatures to create a masterpiece of amazing strength and durability. The smooth enamel finish is impervious to chips, scratches and stains, allowing the sink to easily withstand the demands of today's busiest home kitchens.

With its workstation design, the Fiore dramatically expands the functionality of the kitchen sink. Integrated ledges along the front and back of the sink support useful accessories that allow the area to be fully utilized for prep and clean-up. Each sink includes a beautiful cutting board constructed of African Mahogany that fits neatly atop the basin, a protective bottom rinse grid, and a patented, foldable drying rack perfect for drying dishes. Optional accessories, such as a mixing bowl with platform and a condiment serving tray, are also available.

In addition to the beautiful emerald green option, Ruvati offers the Fiore Collection in white, biscuit and glossy black. Ruvati offers fireclay farmhouse sinks in widths from 24" to 36" and in single and double bowl configurations. Rounded interior corners allow for easy cleaning, while a 9" deep basin is sized to accommodate large pots and pans. Like all the brand's products, Fiore sinks are backed by Ruvati's Limited Lifetime Warranty for years of worry-free use and lasting beauty. **For more information about the Fiore Collection and other extraordinary Ruvati products, visit ruvati.com.**
