# Kitchen

## Design helps blend kitchen, living space

**SIEMATIC** redefines the handle-free kitchen with its new SG6 cabinet design. Characterized by delicate curves and stand-alone, furniture-style elements, SG6 is a “soft modern” concept that blurs the lines between kitchen and living space. A highlight of the innovative new design, SG6’s kitchen island features a uniquely beveled countertop, towel bar, shelving and indoor planters. Plus, a customizable panel wall system includes cabinets, shelves and even coordinating lights. [siematic.com](http://siematic.com)

## Kitchen faucet series incorporates new finish

**ISENBERG BY FLUSSO** offers a faucet finish that perfectly aligns with Mocha Mousse, the 2025 Pantone color of the year. Dark Tan is a light and decadent finish with a natural tone, making it the ideal finishing touch for the Ziel K-1360 kitchen faucet. The sleek Ziel faucet is a practical chameleon constructed of premium stainless steel with a pull-down faucet and dual function sprayer with extended 16-inch reach that can easily and thoroughly clean areas around the sink. ## Workstation sinks reduce counter clutter

**ZURN ELKAY** extends its sink catalog to include the new Elkay Quartz Luxe and Circuit Chef workstations. The new Quartz Luxe and Circuit Chef sinks provide even more options to match design needs while continuing to maximize workspace and keeping countertops free from clutter. The Circuit Chef workstation sink makes more room in the kitchen for the whole family while the Quartz Luxe workstation offers innovative features that make prep and cleanup even easier. ## German faucets bring luxury to kitchen

**WASSERWERK** combines exceptional German engineering with modern design for a robust line of kitchen faucets. The company offers a broad assortment of finishes to complement any home’s interior or existing hardware, including brushed nickel, matte black, and chrome, which are all timeless favorites with classic appeal. Wasserwerk also offers modern kitchens a brushed gold finish for a touch of luxury and warmth, and a matte graphite finish for a sleek, modern vibe. [wasserwerk-us.com](http://wasserwerk-us.com)

## Built-in refrigerator provides ease of installation

The **SIGNATURE KITCHEN SUITE** Transitional Series 48-inch Built-in French Door Refrigerator proves less is more. It comes pre-assembled with satin stainless steel and sleek, straight handles, plus a frame kit for retrofit installations. It features dual compressors that keep temperatures within 1°F to enhance food freshness, an innovative convertible fridge/freezer drawer with five preset temperature zones, plus an internal water dispenser and dual ice maker with Craft Ice.
