Kohler Anthem+ Snow System

kohler.com

Kohler has newly launched the Anthem+, a smart showering system that controls two to 12 shower outlets, steam, light, and sound using a single digital control. Personalized pre-sets are easily controlled through an interface and the Kohler Konnect app. Further, the new Anthem+ offers an ice shower feature in keeping with the growing wellness trends. Save time on install, simplify the rough-in and add flexibility to the shower installation by remote locating the shower valve within 32 feet of the shower.

Vanities by Andrew Pearson Glass and HammerHead Design Build

andrewpearsonglass.com

Andrew Pearson Glass teamed up with HammerHead Design Build to develop new products using Andrew Pearson's 5-inch thick Fuzion Glass, which his company commercialized in 2023. Glass of this clarity and thickness opens up new design possibilities.

Toto New Tankless Washlet

totousa.com

Toto's tankless WASHLET S5 is an eco-friendly choice, featuring an instantaneous water heater that heats only the water needed. This innovative new design reduces energy consumption by 38%.

Adjustable temperature and pressure settings ensure personalized

comfort, while the dual-action spray with oscillating and pulsating functions enhances cleansing. A heated seat and warm air dryer provide extra comfort while reducing toilet paper use. A built-in nightlight improves low-light visibility. Available in elongated and round bowl styles.

Lado Shower Bases from Acquabella

acquabellabaths.com

Lado shower bases feature a crescent-shaped drain that provide a functional foundation for the shower. The bases are offered in four sizes, ranging from a 60 by 30-inch to 60 by 42-inch. They are made in mineral composite and feature the brand's Lastra natural stone texture that offers a non-slip surface. The one-piece base does not require grout replacement or repair. The low-profile, multiple-threshold design allows for the installation of glass enclosures on up to three sides.
