Beautiful *Brushed* BRONZE

A Modern Take on Classic Gold

Flusso Kitchen & Bath Company's exquisite brushed bronze finish reinterprets gold with an updated vibe and subdued radiance. It is both sophisticated and elegant but features a fresh, matte texture—definitely not your mom's gold finish!

Featured in this stunning finish is the Serie 240,[™] a beautifully cohesive master bath ensemble that includes a variety of coordinating fixtures for the tub, shower, and sink, along with a complete line of accessories. Available options include wall or deck-mounted sink faucets, a freestanding tub filler, and thermostatic shower valves with matching components. The minimalist lines make this collection a smart choice for any bathroom decor, blending seamlessly into both contemporary and vintage design environments.

- Created in the Flusso Design Lab in Dallas, their epicenter of innovation.
- Crafted from premium solid brass and featuring fine ceramic cartridges.
- Complete the look with a host of coordinating accessories.
