With soft curves inspired by gentle waves, the No. 1 faucet from **Duravit** is WaterSense certified and equipped with AirPlus technology, delivering a full flow feeling while conserving water for a streamlined style with efficient performance. [DURAVIT.US](https://duravit.us)

2

Made from durable slip- and stain-resistant Bellocast material, the blue and white-hued Flutello tub from **Bello** retains heat, resists wear, and is simple to install. A color-matched drain assembly and U.S.-made Safecoat Hydrophobic finish round out the handcrafted design. [BELLOUSA.COM](https://bellousa.com)

3

Crafted in northern Wisconsin from sustainably sourced American wood, the Linear floating vanity from **Room & Board for Business** offers a minimal design with a marbled white quartz top that brings warmth to the bathroom. [ROOMANDBOARD.COM](https://roomandboard.com)

4

With curves, a slim profile, and a variety of matte color options, **Devon&Devon's** Celine Petite freestanding tub is made using Green Guard Gold-certified White Tec Plus and Biobased vegetable-derived resins. [DEVON-DEVON.COM](https://devon-devon.com)

5

Inspired by Japanese Ofuro tubs, Emi by **MTI Baths** is made with the company's SculptureStone material, which is durable and nonporous, and smooth. Available in three sizes and in matte or handpainted gloss finishes, each tub is hand-finished in Georgia. [MTIBATHS.COM](https://mtibaths.com)
